### Referral for Profit

#### **Potential Referral for Profit Advertising Disclaimer**

MPTA will not process this order without this disclaimer being returned and in complete agreement with all statements.

**Michigan Physical Therapy Association** (MPTA) follows the **American Physical Therapy Association** (APTA) position on potential referral for profit advertising disclaimer. APTA is opposed, as a matter of health care policy, to arrangements under which sources of referral (including physicians) stand to profit from referring patients for physical therapy. The policy, adopted by the House of Delegates, states: "The American Physical Therapy Association opposes ... participation in services that is in any way linked to the financial gain of the referral source." Financial Considerations in Practice (HOD 06-99-13-17).

Because of this policy, MPTA does not accept agreements from an organization or individual in a practice if any physician has a financial interest in the practice and refers patients to an employed physical therapist or to a physical therapist who supervises an employed physical therapist assistant. To complete your submission to MPTA, you must make the following certification by checking the "I agree" box below:

"I certify that no referral source (including any referring physician) has a financial interest in the practice that has the position that is the subject of this advertisement. Please note that if you agree to this statement, you may be asked to provide conclusive documentation as to the ownership of the facility, the identity of its employees, and the referral patterns of such owners and/or employees before your ad is posted. If APTA in the future discovers that any referral source has a financial interest in your facility (as owner and/or employee), any listings with MPTA will be removed immediately, with no refunds of payment."

I AGREE,   Name    Title
